EDUCATION

- | | |
|---|-----------------|
| • Dharmsinh Desai University 2023 – | 2025 |
| B.Tech. in Information Technology – CPI: 9.04/10.0 | Nadiad, Gujarat |
| • Shree Swaminarayan Gurukul Vidhyalaya 2022 – | 2023 |
| Higher Secondary (12th) – PR: 99.21 (85.23%) | Surat, Gujarat |
| • Shree Swaminarayan Gurukul Vidhyalaya 2020 – | 2021 |
| Secondary (10th) – PR: 97.99 (90.50%) | Surat, Gujarat |

PROJECTS

- **TeamBond – AI Hackathon Team Matching Platform** [Source Code](#)
Tech: React, Vite, Spring Boot, REST APIs, GitHub OAuth, WebSocket, GenAISign-in (Email/Google) and cloud sync across devices.
 - Built an AI-powered platform for **skill-verified hackathon team formation**.
 - Implemented **GitHub OAuth authentication** and GitHub repository analysis to estimate developer skills.
 - Integrated **LeetCode progress tracking** to evaluate problem-solving ability.
 - Developed hackathon listing, join-request, and team management workflows.
 - Implemented **end-to-end real-time chat** for team communication using backend APIs/WebSockets.
 - Designed **AI-based teammate recommendations** using required and complementary skills.
 - Added an AI chatbot for platform navigation and user support.
- **Bhasa Tuner** [Source Code](#)
Tech: React Js, Firebase, Python Flask
 - Created a web-app for learning **tongue-twisting words** in hindi, english, sanskrit and gujarati language targeted to specially able people and small children. Built a real-time messaging feature for study groups, communities, hackathon teams, and direct chats.
 - Generated different datasets for various languages and made users learn it through point based system web app. Implemented the web app using hugging face models to convert speech-to-text.

CERTIFICATIONS / ACHIEVEMENTS

- Solved 300+ problems on LeetCode
- As a Head of Department (Sangeet Team) BAPS, @BAPS chhatralay, Nadiad
